## RAIL SEATING SECTION SAFETY CODE OF CONDUCT 2019/20 (THE “RAIL SEATING CODE”)

The safety of all supporters at Celtic Park is of paramount importance to the Club. The safe operation of the Rail Seating Section at Celtic Park requires effective communication and engagement with the supporters in that area.

The Club has therefore adopted this Rail Seating Code, which for all Season Tickets issued in the Rail Seating Section will apply as an additional term of the Season Ticket terms and conditions, in addition to: (i) the Season Ticket Terms and Conditions; (ii) the Ground Regulations; (iii) the Celtic FC Social Mission Statement; (iv) the Unacceptable Conduct Rules; (v) the terms of any Supporter Charter or other Code of Conduct adopted by or binding upon the Club; and (vi) the rules and regulations of any football authority binding upon the Club; copies of which are all available on request and at [celticfc.net](http://celticfc.net).

This Rail Seating Code is based on the Club’s Risk Assessment for the safe operation of the Rail Seating Section at Celtic Park and the Club therefore reserves the right to review and vary the code from time to time. Any failure to adhere to the Rail Seating Code shall be deemed to be a breach of the Season Ticket Terms and Conditions and the Club shall be entitled to take appropriate action.

As a requirement of entry to the Rail Seating Section, therefore, individual and supporter group season ticket holders are required to conduct themselves in accordance with the undertakings set out below and the use of such ticket to enter Celtic Park is deemed to constitute such ticket holders’ acceptance of this Rail Seating Code. The potential harm that may follow if these undertakings are breached is explained below for information.
